

6 OUT OF 5 USC STUDENTS OPPOSE NSA!

STATINTL

WELL, NOT QUITE THAT MANY.

However, The University of Southern California affiliated with the National Student Association (NSA) on two previous occasions. USC's connection with NSA was severed twice. Now NSA has once again surreptitiously affiliated USC—in a third effort to secure the money, prestige, and influence of USC and its students.

As NSA marches leftward, with the Financial support of students as well as Foundations, more and more students have begun to realize that NSA is a Fraud. It provides little or no student services. It is a political organization which, in the name of American Student opinion, or student leader opinion, takes political positions to the left of American Student opinion.

"Our student leaders affiliated the University of California at Davis (UC-Davis) with NSA in a hasty, surreptitious fashion, and we only found out by accident. Once students know the entire story about NSA, the looters of NSA will no longer have the money and prestige of UC Davis.
